Dear Ben:

On behalf of the clergy and parishioners of St. George's Church, I want to thank you for your role in planning and teaching our Lenten Study on domestic abuse response and prevention, as part of the Decade to Overcome Violence of the World Council of Churches.

You are a "master teacher" and hold a wealth of information. The discussions were instructive and interesting. We do hope to build on this training in the future, as the partnership between St. George's and DVVAP develops and takes shape. Perhaps we can find someone to take part in your next Advocate Training.

With blessings in this Easter Season and best wishes for your important work,

Yours very truly,  

The Rev. Barbara Smith-Moran  
Priest Associate
